

To whom it may concern,

This is a letter of reference for Cathy L. Miller. I have known her for about 2 years as a student attending the Newburgh Campus of ITT Technical Institute. Since I am the Associate Dean for General Studies at that Campus, I have access to the projects and work accomplished by our students.

I had occasion to view some designs that Ms. Miller had provided to clients of her business. It was obvious that she was very talented and skillful in providing unique specialized designs for her clients. At the time, I had considered starting a consulting business and asked her to provide a design for such based on very specific and detailed parameters. Her completed design was perfect!!

It is my pleasure and privilege to recommend her for any position for which she is otherwise qualified. Her dedication and work ethic are commendable; her skill and ability are outstanding.

Sincerely,

A handwritten signature in cursive script that reads "David Walton". The signature is fluid and stylized, with a large initial "D" and a long, sweeping underline.

David Walton, MS, CPP
